1. Introduction

The Maltese Music on Private Radio Stations Support Scheme forms part of Arts Council Malta's support portfolio that invests in diverse artistic and cultural expression and in the development of Malta's cultural and creative sectors. The scheme has been developed to promote and support the exposure of local musical talent on broadcast platforms. This scheme provides financial assistance to eligible broadcasting entities committed to showcasing Maltese music through structured programming that aligns with the cultural and linguistic identity of Malta.

In line with ACM's Strategy2025, this scheme primarily addresses creative practitioners. The Scheme pursues the Strategy2025 by actively seeking to:

- Nurture creative potential and support its development, encouraging co-creation, collaboration and experimentation;
- Facilitate the creation of platforms for young promising talent, intergenerational engagement, as well as intercultural engagement;
- Generate cultural and social development, economic growth, and employment;
- Direct our public funding investment towards building new partnerships and collaborations and expanding our knowledge, skills, and networks so as to support and promote the conditions in which Malta and Gozo's cultural and creative sectors can flourish.

The main objective of the scheme is to increase the broadcast presence of contemporary Maltese music, particularly works that feature the Maltese language and are created by local artists. Through an increase in dedicated airtime for Maltese music, the scheme aims to foster appreciation for Maltese culture, support the local music industry, and ensure that new and emerging works are accessible to a wider audience through regular, high-quality programming.

The scheme supports applicant broadcasters in producing and airing thirteen (13) dedicated programmes per schedule across three consecutive schedules, starting from 1st October 2025. Each programme must include a minimum of forty (40) minutes of Maltese music, which can be aired in either:

- One continuous block between 06:00 and 20:00; or
- Two separate blocks of 20 minutes each, also between 06:00 and 20:00.

Programmes must consist of original broadcasts; repeat content is not eligible. Additionally, advertisements must not be counted within the 40-minute minimum requirement.

The music content must comply with the following criteria:

- Composed and/or written by Maltese individuals
- Released within the past 36 months
- At least 50% of the music must contain lyrics in the Maltese language

To be considered for support under the scheme, applicants must submit their October 2025 broadcast schedule together with their application.

This scheme is developed to enable high-quality, locally produced music to receive the visibility and recognition it deserves, thereby contributing to a vibrant and sustainable Maltese music scene.

In line with its commitment to supporting the arts through its sustainable and accountable approach to public investment:

Applicants are encouraged to give due consideration, as appropriate, to the principles explained in the Right to Culture – Resource Pack when developing their proposal in relation to how they engage with communities and the considerations of everyone's cultural rights in their work. This resource pack is aimed at increasing awareness regarding inclusivity and supporting the implementation of cultural rights in our day-to-day practice.

Applicants are also expected to give due consideration, as appropriate, to the main principles outlined in the <u>Charter for the Status of the Artist</u> when proposing their operational and programming activities to ensure fair and just working conditions for artists. These include the right to artistic freedom, improved accessibility, formal/informal/non-formal skill recognition, decent socio-economic conditions, non-discrimination and equity, ethical considerations and adherence to intellectual property rights and international labour law. The Charter for the Status of the Artist is meant to provide a dynamic frame of reference for any legislation, policy, or initiative which directly or indirectly impacts artists and cultural and creative sectors, ensuring that any action is aligned with the ultimate long-term vision of elevating the status of artists in Malta in line with their tangible value to society.

9. Applicable State Aid rules

The scheme will be implemented in line with the provisions of Commission Regulation (EU) 2023/2831 of 13 December 2023 on the application of Articles 107 and 108 of the Treaty on the Functioning of the European Union to *de minimis* aid (OJ L, 2023/2831, 15.12.2023).

This regulation applies to aid granted to undertakings in all sectors, with the exception of:

- 1. aid granted to undertakings active in the primary production of fishery and aquaculture products;
- 2. aid granted to undertakings active in the processing and marketing of fishery and aquaculture products, where the amount of the aid is fixed on the basis of price or quantity of products purchased or put on the market;
- 3. aid granted to undertakings active in the primary production of agricultural products;
- 4. aid granted to undertakings active in the processing and marketing of agricultural products, in one of the following cases:
 - a. where the amount of the aid is fixed on the basis of the price or quantity of such products purchased from primary producers or put on the market by the undertakings concerned;
 - b. where the aid is conditional on being partly or entirely passed on to primary producers;
- 5. aid granted to export-related activities towards third countries or Member States, namely aid directly linked to the quantities exported, the establishment and operation of a distribution network or other current expenditure linked to the export activity;
- 6. aid contingent upon the use of domestic goods and services over imported goods and services.

The total amount of *de minimis* aid granted to a single undertaking shall not exceed the amount of €300,000 over any period of three years. This period is assessed on a rolling basis.

This maximum threshold would include all State Aid granted under this aid scheme and any other State Aid measure implemented in line with the *de minimis* regulation including that received from any entity other than Arts Council Malta. Any *de minimis* aid received in excess of the established threshold will have to be recovered, with interest, from the undertaking receiving the aid.

The rules on cumulation of aid as outlined in Article 5 of the *de minimis* regulation will be respected.

Applicants are to submit a *de minimis* declaration indicating any other *de minimis* aid received and/or applied for during the applicable three-year period. This will ensure that the total amount of *de minimis* aid granted to a single undertaking under the *de minimis* regulation will not exceed the *de minimis* threshold over the applicable three year period.

Should a successful applicant not be eligible to receive *de minimis* aid, the said applicant will be deemed ineligible and the next ranked applicant will be awarded.

In line with the *de minimis* regulation, records regarding *de minimis* aid shall be maintained for 10 years from the date on which the aid under the scheme is granted.

Publication in Central Register

In line with Article 6(1) of the *de minimis* regulation, as of 1 January 2026, information on *de minimis* aid granted under this scheme shall be made publicly available in a central register.

The following information shall be made public:

- the identification of the beneficiary,
- the aid amount,
- the granting date,
- the aid instrument, and
- the sector involved on the basis of the statistical classification of economic activities in the Union ('NACE classification').
