1. Introduction

The *Artistic Research and Development Scheme* is one of Arts Council Malta's tools to enable individuals, groups and organisations to research, plan, develop, and deliver on the Council's strategic goals and ongoing strategy. By supporting their own research and development they should identify their target creative professionals and communities and:

- Nurture their creative potential and support their development, by encouraging co-creation, collaboration and experimentation.
- Invest in artistic excellence, by encouraging levels of creative risk, experimentation, and the active engagement of communities. They should do this by supporting quality projects, as well as identifying talent and encouraging its development.
- Document and carry out research into Malta's past and present artistic and cultural communities, as well as consider and explore Malta's artistic legacy.

The scheme forms part of Arts Council Malta's funding schemes which aim to invest in exploratory projects that allow creative professionals and communities to experiment, test their work, engage with their peers, be duly represented in policy and strategy matters, nurture collaboration, and develop their ideas further. Applications submitted may form part of the initial phase of a wider project/body of work or can be self-contained.

This scheme will comprise of two main areas of focus. Applicants may choose to focus on one or both of these areas within their projects:

1. Artistic practice
 - Research into artistic concepts, techniques, and subjects;
 - Exploratory research adopting innovative or untested approaches in the conception, creation and development of artistic work;
 - Research into Malta's artistic communities, with a view to document Malta's artistic legacy in an open, inclusive and sustainable manner.
2. Community and audience engagement
 - Exploring participatory approaches to audience engagement in order to deepen engagement with existing or new audiences;
 - Experimenting with innovative methods of experiential engagement with audiences;
 - Research into ways to improve access to the arts and promote inclusive participation and greater diversity within the arts.

Requirements in line with Arts Council Malta's ongoing Strategy

In line with its commitment to supporting the arts through its sustainable and accountable approach to public investment, ACM draws applicants' attention to the following in line with its Strategy 2025:

Applicants are required to consider the principles expressed through its [Right to Culture – Resource Pack](#) when developing their proposal in relation to how they engage with communities and the considerations of everyone's cultural rights in their work. The resource pack is aimed at increasing awareness regarding inclusivity and supporting the implementation of cultural rights in our day-to-day practice.

Applicants are also required to consider the [Charter for the Status of the Artist](#) when proposing their operational and programming activities to ensure acceptable and decent working conditions for artists and creative practitioners which embraces artistic freedom, accessibility, formal/informal/non-formal skill recognition, decent socio-economic conditions, non-discrimination and equity, ethical considerations and adherence to intellectual property rights and international labour law. The Charter for the Status of the Artist is meant to provide a dynamic frame of reference for any legislation, policy, or initiative which directly or indirectly impacts artists and cultural and creative sectors, ensuring that any action is aligned with the ultimate long-term vision of elevating the status of artists in Malta in line with their tangible value to society.

6. Evaluation process

This scheme is competitive and will be evaluated by a panel of relevant experts, according to established criteria.

As specified above, each criterion is allocated specific marks. In order to be considered for funding, projects have to obtain an average of 60 marks or more.

Nevertheless, the evaluation session and funding decisions depend on the quality of the submitted proposals as well as the availability of the funds. Therefore, obtaining 60 marks or more does not automatically mean that your project proposal has been successful. Furthermore, the Evaluation Board may decide not to allocate the total funds available for a particular call if the proposed projects do not reach the required level in terms of the scheme criteria.

Eligible applications will be assessed by an evaluation team selected by the Arts Council Malta on the basis of their independent and professional experience. The evaluators will present an assessment on each of the proposed projects, indicating the relevant ratings awarded.

6.1 Communication of results

On the day indicated on page 2 ('Results'), you will receive your result notification from Arts Council Malta. Together with the covering letter, Arts Council Malta will also attach a copy of the feedback form, indicating the reasons and marks leading to the Evaluation Board's decision, according to the Scheme criteria.

The order of classification of the projects, according to the marks allocated by the evaluators, will be published online. Only the names and summaries of the successful projects will be published; in the case of projects which have not been awarded any funds, only their reference number will be published.

If you have any difficulties concerning your results, you should email us on fundinfo@artscouncil.mt within five (5) working days of receiving your funding decision.

No information on the evaluation process will be released before the official result notification. Any form of soliciting will automatically disqualify an application.

All information received by the Scheme administrators, managers and evaluators will be considered confidential, both during and after the evaluation process. Provisions on data protection and confidentiality for successful projects will be included in the Grant agreement.

7. Project implementation and monitoring

Beneficiaries must provide full documentation to support the application and budget plan within 30 days from receipt of the notification letter. Arts Council Malta will accept a variation of up to 5% from the proposed total cost. The contingency indicated in the budget plan will support any variations from the proposed total cost. **Under no circumstances will the Council be in a position to increase the grant awarded.**

Upon provision and approval of the above mandatory documentation, a contract specifying the conditions of the Scheme will be signed. The grant may only be awarded upon completion of the above process within the established timeframe.

70% of the total amount allocated by the Evaluation Board will be processed after the signing of the contract. The remaining 30% will be disbursed after the submission of the final report by the beneficiary, following approval by Arts Council Malta.

The beneficiaries must use the Council's official logo on all related material and specify that the project was supported by the grant as follows: **Supported by Arts Council Malta**, in all marketing, PR, and printed material. The grant received must be used solely for the purpose for which it was awarded, in line with the submitted proposal and the contract.

Beneficiaries must notify the Council immediately if changes affecting the nature of the project take place during implementation. Changes cannot be implemented unless approval is received. The Council reserves the right to revise or withhold the final payment if the change in the project is not considered to be in line with the initial proposal, or if the Council is not informed of the changes within a reasonable time.

Beneficiaries must make themselves available for visits and communication with the Council's representatives for monitoring purposes both during the implementation of the project as well as after its completion.

The Council also reserves the right to revise the final payment if the total expenditure is less than that estimated in the application form.

Beneficiaries will also be requested to submit evidence of the research process, which includes visual documentation (a minimum of 5, high res images should be submitted), blogs and other documentation.

The income and expenditure breakdown must be prepared in compliance with applicable financial standards and aligned with these guidelines and regulations, and they must be certified by a warranted accountant or auditor.

9. Applicability of State Aid rules

9.1 State Aid rules applicable for undertakings that carry out an economic activity within the meaning of Article 107 TFEU

The State Aid scheme will be implemented in line with the provisions of Commission Regulation (EU) 2023/2831 of 13 December 2023 on the application of Articles 107 and 108 of the Treaty on the Functioning of the European Union to *de minimis* aid.

This Regulation applies to aid granted to undertakings in all sectors, with the exception of:

1. aid granted to undertakings active in the primary production of fishery and aquaculture products;
2. aid granted to undertakings active in the processing and marketing of fishery and aquaculture products, where the amount of the aid is fixed on the basis of price or quantity of products purchased or put on the market;
3. aid granted to undertakings active in the primary production of agricultural products;
4. aid granted to undertakings active in the processing and marketing of agricultural products, in one of the following cases:
 - i. where the amount of the aid is fixed on the basis of the price or quantity of such products purchased from primary producers or put on the market by the undertakings concerned;
 - ii. where the aid is conditional on being partly or entirely passed on to primary producers;
5. aid granted to export-related activities towards third countries or Member States, namely aid directly linked to the quantities exported, the establishment and operation of a distribution network or other current expenditure linked to the export activity;
6. aid contingent upon the use of domestic goods and services over imported goods and services.

The total amount of *de minimis* aid granted to a single undertaking shall not exceed the amount of €300,000 over any period of three years. This period is assessed on a rolling basis.

This maximum threshold would include all State Aid granted under this aid scheme and any other State Aid measure implemented in line with the *de minimis* rule including that received from any entity other than Arts Council Malta. Any *de minimis* aid received in excess of the established threshold will have to be recovered, with interest, from the undertaking receiving the aid.

The rules on cumulation of aid as outlined in Article 5 of the *de minimis* Regulation will be respected. Applicants are to submit a *de minimis* declaration indicating any other *de minimis* aid received or applied for during the previous three years. This will ensure that the total amount of *de minimis* aid granted to a single undertaking under the *de minimis* rule will not exceed the *de minimis* threshold over the applicable three-year period.

Should a successful applicant not be eligible to receive *de minimis* aid, the said applicant will be deemed ineligible, and the next ranked applicant will be awarded.

In line with the *de minimis* State Aid Regulation, records regarding *de minimis* aid shall be maintained for 10 years from the date on which the aid under the scheme is granted.

9.1.1 Publication in Central Register

In line with Article 6(1) of the *de minimis* Regulation, as of 1 January 2026, information on *de minimis* aid granted under this scheme shall be made publicly available in a central register.

The following information shall be made public:

- the identification of the beneficiary,
- the aid amount,
- the granting date,
- the aid instrument, and
- the sector involved on the basis of the statistical classification of economic activities in the Union ('NACE classification').

9.2 Non-State aid option

Applicants that do not carry out an economic activity within the meaning of Article 107 TFEU may apply for the scheme. Applications for proposed projects that do not give rise to an economic activity within the meaning of Article 107 TFEU may also be submitted for funding.

In both cases, the rules outlined in Section 9.1 will not be applicable.
